

## Graduate Pre-recital Hearing Approval Form

This form is used to report the results of the graduate pre-recital hearing. The hearing must be completed 2 weeks prior to the planned recital. Individual areas will determine the makeup of the hearing committee (at least three area faculty for doctoral and at least two for masters recitals).

During the recital approval, faculty will write comments about the performance and these comments will be given to the student following the approval. If approved, the recital can be given; if not, the recital cannot be given. The area will determine how many times a candidate will be allowed to attempt to gain approval.

**\*\* All degree recitals must be recorded.** If you are using the College of Music Recording Services, please check with them immediately to make certain that you are on their schedule. Following your recital they will provide the Graduate Office with a recording. If you use the services of an outside recording company you must provide our office with a CD of your recital. Without a recording of your recital you will not graduate. \*\*
